Reference Jays Carpentry Home Improvements

27th April 2009

To Whom It May Concern:

The above named company complicated a job at our premises on the 4th October 20008.

They were very professional, they sent in a quote when requested, telephoned to make sure that everything was in order to do the job, and turned up on time, we were very happy with the complicated work. A very nice company to deal with.

Yours Sincerely

Y Jones
