

Mr & Mrs H Patel – Tamebridge, Walsall

Garage conversion to a Dining room

Without any hesitation both of us can say that Jason and his team have delivered us a first class conversion, on time, on spec and on budget. We would not think twice about recommending them to anyone considering the company to undertake work on their property.

We would like to thank you and your team for the tremendous job you have done converting my garage into a dining room. The team were always professional, clean and more importantly honest in the way you conducted your business.

We were very pleased by the end result, the team worked hard and kept us informed throughout the work carried out. I would highly recommend them to anyone who is thinking of having a garage conversion.

They left us tidy at the end of each day, turned up on time and got on with the job. I would welcome them back for any other projects in the future.

Overall my wife and I are extremely pleased with the level of service and quality of the end build. For us curb appeal (Not looking like it's an obvious garage conversion) is just as important as the inside space achieved the look we so much desired inside and out.
